

Master of Arts in Psychology

"Words are capable of arousing the strongest emotions and prompting all men's actions . . ."

- Sigmund Freud

Overview

The Online Master of Arts in Psychology offered by Asian College of Teachers (ACT) in academic collaboration with East Bridge University (EBU) is a comprehensive program that introduces the students to a broad understanding of the varied concepts and theories of psychology. This course provides greater awareness and helps students acquire a range of skills and techniques to understand elements like thinking process, emotions, attitudes and behaviours. You will study social cognition emphasizing a wide range of topics starting from processes, perception, prejudices to decision-making and how we perceive the world around us. The specialization part also covers different theories of personality focusing on how personality forms and influences behavior. The specialization wraps up with the abnormal psychology which will cover unusual patterns of behavior, emotions and thoughts that border on mental disorder.

Examine key points such as:

1

Taking a deeper look into the fundamentals of psychology including history and perspectives of psychology

2

Describing biological or cognitive bases of human behavior and mental processes and critically evaluating thought process & theories of Piaget, Vygotsky, Skinner

3

Gaining knowledge and appreciate various theories of personality and other aspects of human behavior in the practical world

3

Understanding complex issues surrounding abnormal behavior and get an insight into the different aspects of abnormal behavior
